

Safe Driving Promise

Teen Driver

I promise not to drive under the influence of alcohol or drugs, nor will I get in a car where the driver has had alcohol to drink or has used drugs. If I am ever in a situation where I need a ride home for my safety, I will call a cab, ask a sober person to drive me, or call you or another family member to come and get me.

I promise to pick you up if you ever call me for a ride.

If I do not have a car, I will pay for a cab to bring you home. I further promise not to start a conversation about the incident at that time. I also agree to use safe driving practices, drive sober, and find an alternate means home if I am ever in a situation where the driver is under the influence of alcohol or drugs.
